All Peli Cases & Accessories

**TRUSTED
WHEN IT
MATTERS**

Ultimate Protection

Peli Cases need no introduction, they are renowned as the ultimate protection for your equipment.

Unbreakable, watertight, buoyant and corrosion-proof, Peli Cases are available in a huge range of sizes to suit almost anything you may wish to put in them, from the latest iPod or mobile phone to a broadcast camera, a PC or a full set of mechanic's tools.

Peli Cases have many user-friendly features, with easy-open latches, ergonomic handles (retractable on larger models), quiet-roll wheels and automatic pressure release valves to allow easy opening after changes in atmospheric pressure, for example after flights.

Widely used in military applications, Peli Cases are rated to IP67 and comply with MIL-STD-C-4150J.

Why buy from CP Cases?

Purchasing from CP Cases gives you all the advantages of buying from a major distributor:

- Attractive discounts, especially for volume orders
- Quick order turnaround, from our manufacturing facility near Heathrow Airport
- Wide range of sizes/colours available from stock (Peli cases are manufactured abroad)
- Sophisticated internal fittings (CNC foam machining and other options) manufactured by our in-house team to your individual requirements
- Expert advice from our team of UK-based design specialists
- Excellent Customer Support

Labels & Branding

Labels and branding are low-cost options with the potential for high value returns. A professionally printed logo is a great ambassador for your corporate branding, it also identifies your products and represents an advertising opportunity to your target market.

CP Cases has a range of labels and branding options to enhance your cases for small additional costs, including:

- Screen printing
- Engraved labels
- Etched labels
- Vinyl cut logos & lettering
- Swing labels

Internal CNC Foam Fittings from CP Cases

There's more to protective packaging than a hard-wearing outer case. Internal foam fittings are the vital constituent that surrounds and supports valuable and/or delicate equipment in transit. There's a standard pick-and-pluck foam option available for the majority of Peli cases.

For more sophisticated internal fittings, CP Cases' specialist team can design, develop and manufacture the most effective foam support or pack to suit your individual specification

We have long experience with foam of different densities and special properties eg, flame retardant, anti-static; and in-house expertise with punching, stamping, CNC routing, layering, hand-forming and sculpturing.

Our team is available to advise on the optimum solution for your product and application. Once agreed we can design, manufacture and fit it here in the UK, then despatch your new case to you, ready for use.

V12.01 Updated March 2012 E&OE.

All information believed to be correct at time of publication. No liability accepted for decisions made as a result of errors. Specifications may change without notice.

Work is no longer confined to the office, and Peli Cases have designed a range of laptop cases designed to protect your computer and accessories from life's little knocks and scratches, not to mention more significant mishaps which may occur whilst you are remote from your desk.

There are Peli Laptop Cases designed specifically for 13, 15 and 17-inch laptops. Unbreakable and splashproof, they all have an APV (automatic purge valve) to equalise atmospheric pressure so you can open them easily after flights. There's a choice of internal fittings amongst the various models including an overnight case that can accommodate a change of clothes and a toothbrush.

Hardback Cases

For note-pad style PCs, with foam liner

Cube Cases

The Cube is a new range of Peli cases with a square footprint, ideal for large, heavy loads. Like all Peli Cases, they are watertight, indestructible and corrosion-proof, with an APV to equalise pressure.

Three models available, with inc foam and ex foam options, all with two double wide side handles for a secure, two-handed grip. Peli Cube cases stack positively with all other Cube series cases via interlocking slots in lid.

Peli Cube Cases are available in black only

- CP0340 Buoyant to 100 kg. Includes wheel plates and removable wheels
- CP0350 Buoyant to 122 kg
- CP0370 Buoyant to 211 kg

 V12.01 Updated March 2012 E&OE.

All information believed to be correct at time of publication. No liability accepted for decisions made as a result of errors. Specifications may change without notice.

Peli Micro Cases are designed to protect small, valuable personal items such as mobile phones, digital cameras, MP3 players. They're also ideal for small test & measurement equipment, and medical applications.

Peli Micro Cases have moulded hinges, a watertight seal (rated to IP67) and an APV for easy opening after changes in atmospheric pressure. Available inc foam and ex foam.

Manufactured in polished, hi-gloss finish polycarbonate, Peli Micro Cases are the perfect complement to their contents. Available in four solid colours - black, yellow, blue and red - also with coloured base, clear lid and coloured liner.

Heavy Duty Labels

A professionally printed label is a great ambassador for your corporate branding. CP Cases can provide an in-house heavy-duty labelling option at small additional cost:

- Labels made of 200 micron clear PVC with double-sided adhesive film on reverse
- Printed on reverse side (legend will not rub/scrape off)
- All artwork to be generated and approved by customer before printing
- Prices shown below are for guideline purposes only: various sizes/shapes available, but may carry extra cost (includes additional tooling die costs)
